

COMMUNITY

Build connections that drive engagement

Tech-driven community feature with Relocity's native mobile app

It's time to digitally transform your relocation program by turning individual journeys into personalized, community-driven experiences that reduce costs and improve engagement. Perfect for intern programs, Relocity Guide's community feature empowers transferees to build meaningful connections and valuable support networks.

STRENGTHEN PROGRAM IMPACT

- Enable transferees to share tips and advice within their relocation cohort
- Facilitate roommate finding and local meetup coordination
- Build excitement within intern groups
- Track community adoption and participation rates

STREAMLINE MANAGEMENT

- Deploy across multiple policies and locations
- Configure geographic boundaries for specific programs
- Customize moderation rules to match policies and company standards
- Scale with the ability to support unlimited users and program sizes

ENHANCE DUTY OF CARE

- Set custom moderation rules for your program
- Utilize the community flagging system for content removal
- Enable private, one-on-one conversations
- Maintain program compliance and safety standards

MAXIMIZE PROGRAM ROI

- Reduce dependency on company support resources
- Increase program satisfaction through peer support
- Improve talent retention rates through community bonds
- Strengthen employer brand with modern solutions

**Cultivate community.
