

# Integrated. White-labeled. Effortless.

Is it time to update your mobility program?

Your program likely needs a refresh if you're unable to meet the personalized, flexible, and self-service experience that your talent is requesting. Today, mobile employees want easy access to all supplier contacts and milestones in one place – a digital-first, personalized, and intuitive experience that speeds their relocation and productivity.

## THE FUTURE OF GLOBAL MOBILITY

- Connects talent to their mobility ecosystem (RMCs, suppliers) consolidating all info centrally.
- Enhances talent experience via personalized guidance, real-time communication, and curated content.
- Supports diverse mobility policies like managed moves, core-flex, managed caps, and lump sums.

## CORPORATE MOBILITY ADVANTAGE

- Achieve up to 25% cost savings through digital transformation and better workflows.
- Enhance talent satisfaction with self-service options and data-driven insights for decisions.
- Leverage fewer systems and access your or your RMC's top-tier supply chain.

## EMPOWERING RMCs

- Boosts RMC productivity up to 20% and improves team allocation efficiency.
- Helps RMCs deliver client cost savings and enhance overall satisfaction ratings.
- Enables faster delivery of innovative relocation solutions to the market.

## ENHANCE THE TALENT EXPERIENCE

- Provides one intuitive, personalized app for a transparent and flexible relocation experience.
- Improves alignment and communication during the move process for talent.
- Enables faster settling-in, boosting productivity and improving overall wellness for employees.

**Take control of your global mobility suppliers, services, and data in one unified solution.**
